

*One day Farmers Training-cum-Workshop on “Reclamation of
Waterlogged Sites through Biodrainage”
by
CSFER, Allahabad*

A one-day farmers training programme on “*Reclamation of Waterlogged Sites through Biodrainage*” was organized under direction of Dr. V. K. Bahuguna, DG, ICFRE and Dr. S. P. Singh, DDG (Admin) ICFRE, Dehradun and supervision of Sri M. K. Shukla, Director, CSFER Allahabad at Sohanasa, Mugarabadshahpur in Jaunpur District on 20th march, 2013. The programme was inaugurated by Divisional Forest Officer of Jaunpur District, Mr. A.K. Singh. Sri M. K. Shukla, Director, CSFER Allahabad welcomed participants and explained about the objective of the programme for developing the wastelands near canal sides in the region. Dr. Kumud Dubey delivered a lecture on “The role of planting Biodrainage species in improvement of waterlogged sites” and explained about the technology of Biodrainage and how it can be used to improve the land in canal irrigated area which has been degraded due to high water table and waterlogging problems. Dr. Kumud Dubey also highlighted the importance of planting of Biodrainage species on such degraded sites and suggested suitable plant species with biodrainage potential for this region. Dr. Anita Tomar, Scientist, CSFER, Allahabad, delivered a lecture on “Lesser known tree species” and informed some important lesser known tree species which can be planted in waterlogged or high water table conditions. Dr. V. P. Pandey, Research Assistant I, CSFER, Allahabad, informed the farmers about some important diseases of tree species and their treatments. Mr. A.K. Singh, D.F.O. Jaunpur District has explained the farmers about the important harvesting and transit rules for forest species and the availability of seedlings in Forest Department nurseries. The range Officer of the area Mr. B.D. Pandey and other officials from forest department were present on the occasion. The farmers discussed their legal problems in harvesting the tree species with forest officials. The programme was successfully organized by Dr. Kumud Dubey, Scientist, CSFER, Allahabad with assistance of Sri Alok Pandey, JRF and Sri Pravin Tripathi, Field Assistant under the project.
